

Weed firm for android

Continue

Grow and expand your grass empire easily with Weed Firm 2 MOD APK version (Unlimited Money). Do you want to become the chemistry teacher Walter White in the popular series Breaking Bad? Introduce about Weed Firm 2 Plot Weed Firm 2 is one of the few business simulation games with a specific and detailed storyline. You will remember the familiar characters from this series. Following the events that happened in part 1, you continue with the student Ted in the weed planting missions in the secret laboratory. Using an old abandoned gym, he continued his work growing and selling cannabis to regular clients in the area. Gameplay The gameplay of Weed Firm 2 has many similarities with farm simulation games. You start with a laboratory plant pot. Your lab has all the tools you need to get weed to grow. Try sowing a little seed, then watering it to let the plant grow. You can fertilize the plant to grow faster, helping you to be harvested soon. Take a look on the left side of your screen and you'll see a water bottle icon. Weed Firm 2 limits your energy to 100 (known as High). Watering will cost you 1 High, manure reduced by 1 High, harvest decreased by 4 High. You can increase your High by buying or "get high" with the customer. After you've harvested your plants, you can sell your products to your customers. Go to the right side of the house and you will see a lot of customers knocking on your door. You can trade with them to get rich and grow your cannabis empire. Hempire and Weed Inc are two games with the same theme as Weed Firm 2. You can try it out if you want to find a new experience. Unlock new crops After each level up, Weed Firm 2 unlocks more new weeds in the store. They have greater value, and you also make more money selling. You have to know that your customers will come to you when they know you have what they want. With high-end products, you will attract many potential customers willing to pay you a lot of money. Some seeds you can unlock include Sativa, Indica, White Widow, Skunk, Alien Strain. ... To help your profits grow quickly, always try to unlock more pots and plant all the seeds you have. Although your work becomes harder, you will reap a large amount of weed after each harvest. Trade with aliens I'm not kidding at all. After upgrading the lab, you can grow magic weeds and sell it to the aliens. Looks like your reputation is beyond the scope of the Earth. However, the aliens do not speak English like what happens in alien movies. You need to hire an interpreter to transact with them. Or you can even buy a spaceship, open a Space Bar, and sell in bulk to aliens. Beware of the gangsters Your job is a dangerous job. Sometimes, you have to face some dangerous customers (they come with 0 RESPECT). If you accept to sell weed to them, they may not pay or even rob you of your money. However, if you "get high" with them, maybe they will respect you more so you can communicate and transact with them. Decorate your room Your room decoration becomes modern and elegant to help you increase your RESPECT points with your customers. They respect you more and are willing to pay you more. Your living room looks a bit empty, buy a sofa. It also helps you to attract ladies who visit your home more often. Your floor seems cluttered and gloomy, clean it up and replace it with plush floor tiles. Graphics and music Weed Firm 2 has 2D graphics that are not as beautiful and sharp as top games, but it is very suitable for the context of this game. The color and atmosphere are somewhat sombre, a secret laboratory for an illegal job. The music is designed quite unique. You listen to music on a radio in the lab. When visiting the store, you can unlock the songs you want to listen and change the background music of the game. Unlimited Money: You no longer have financial pressure if you use Weed Firm 2 MOD APK version by APKMODY. Feel free to buy the best tools for your lab. Download Weed Firm 2 MOD APK for Android Weed Firm 2 brings you new experiences of growing and selling cannabis. You will see the danger and fear because you always have to be on the lookout for the police and criminals. The game also teaches you how to manage your business and how to deal with customers, including those who are not polite and are somewhat hooligans.
